SDS-Max 12 x 340 - 1 pc | SDS-Max drill bits - 4 cut

- Large carbide tip with patented rebar chamfers. Ensures lower vibration and optimised drilling performance when hitting reinforced steel equalling longer life time.
- Especially developed robust head geometry with optimum 4 x 90° symmetry of carbide tip. Reduces jamming up on hitting reinforcing steel.
- Big, robust secondary cutter with dynamic, curved cutting edge. Supports the primary cutter for faster drilling.
- Shorter spiral windings. For faster transport of drilling dust from the head to the flute = Less wear and heat build up at the tip.
- Innovative, unique carbide tip. With more carbide on all diameters and extra carbide on ø > 32 mm.
- Wear mark on both sides of primary cutter. Guarantees diameter accuracy i.e. for anchor fittings. Life time indicator in warranty cases.
- Patented reinforced flute geometry. Lower vibrations for smoother drilling. Stronger flute means less breakages. Better transfer of hammer energy to the tip.

	SDS-Max 12 x 340 - 1 pc
Diameter (mm)	12
Pack quantity	1
Quantity	1
Total length (mm)	340
Working length (mm)	200
