HOBL 7000 | High Output Bay Light

- TRUEVIEW™ high definition lighting - 7700 Lumens of even light output for best jobsite illumination (110 Lumens / Watt).
- Impact resistant polycarbonate lens withstands drops from up to 2.7 m.
- Wire strain relief accepts cables up to H07RNF 3 x 2.5 mm².
- Spring-loaded cable retention allows easy adjustment of installation height with 1.2 m steel hanging cable.
- 4 m AC power cord for out of the box operation.
- Conical lens design and small footprint allow simple storage and safe stacking of up to 3 units.
- Integrated wiring terminal accepts voltages from 90 -277 V, allows easy wiring and stringing of multiple lights.

	HOBL 7000
Battery compatibility	—
Battery type	–
Supplied in	No kitbox or bag supplied
System	Corded
Voltage (AC) (V)	90 - 277
Voltage (DC) (V)	—
Weight (kg)	3.7
